

# Reno Evening Gazette.

VOL. XXIII

RENO, WASHOE COUNTY, NEVADA, TUESDAY, AUGUST 30, 1887.

NO. 129

## Give Them a Chance!

That is to say, your lungs. Also all your breathing machinery. Very wonderful machinery it is. Not only the larger passages, but the thousands of little tubes and cavities leading from them.

When these are clogged and choked with matter which ought not to be there your lungs cannot half do their work. And what they do, they cannot do well. Call it cold, cough, croup, pneumonia, catarrh, consumption or any of the family of throat and nose and head and lung obstructions, all are bad. All ought to be got rid of. There is just one sure way to get rid of them. That is to take Boesche's German Syrup, which any druggist will sell you at 75 cents a bottle. Even if every thing else has failed you, you may depend upon it.

**The reason Why Ack-er's Blood Elixir is warranted,** is because it is the best Blood Preparation known. It will positively cure all Blood Diseases, purifies the whole system, and thoroughly builds up the constitution. Remember, we guarantee it.

W. PINNIGER, Druggist.

## Merit Will Tell.

Was never better demonstrated than when "Fryer's Abietene Remedies" were awarded diplomas at the late California State Fair at Sacramento and at the Mechanics Institute at San Francisco. W. Fryer is agent for these celebrated "Abietene Remedies" and he offers to return your money if they do not give satisfaction. In buying, be sure the fac-simile signature of D. F. Fryer is on each, as none are genuine without it.

**At Night** Always have Sooter at hand. It is the only safe medicine yet made that will remove all infantile disorders. It contains no Opium or Morphine, but gives the child natural ease from pain. Price 25 cents. Sold by

W. PINNIGER, Druggist.

## The Only Perfect Remedy

For habitual constipation, dyspepsia and kindred ills, is the famous California Liquid Fruit Remedy. Syrup of Figs. It acts as well as cleanses the system, it is easily taken and perfectly harmless. Large bottles for sale by Wm. Pinniger, Reno, Nevada.

**Old** And reliable Medicines are the best to depend upon. Ack-er's Blood Elixir has been prescribed for years for all impurities of the Blood. In every form of Scrofulous, Syphilitic or Mercurial Diseases it is invaluable. For Rheumatism, has no equal.

W. PINNIGER, Druggist.

When baby was sick, we gave her Castoria. When she was a child she cried for Castoria. When she became ill, she clung to Castoria. When she had Children, she gave them Castoria.

**40,000 Copies of "Gazette."** Through the ten days of Fair week there will be issued in all 40,000 copies of the DAILY GAZETTE. A like favorable opportunity for advertising never was presented to the people of Washoe county and others doing business in the State of Nevada. Stockraisers, merchants, professional men, manufacturers and all other business men should avail themselves of this opportunity to advertise.

## Wonderful Cures.

W. D. Hoyt & Co., who sell and retail druggists of Reno, have just received from Dr. King's New Discovery, Electric Bitters, Bucklen's Arnica Salve for two years. Have never handled remedies that sell so well, or give such universal satisfaction. There have been some wonderful cures effected by these medicines in this city. Several cases of pronounced consumption have been entirely cured by use of a few bottles of Dr. King's New Discovery, taken in connection with Electric Bitters. If you suffer from any of these ailments, try them always. Sold by S. J. Hodgkinson & Co.

**If you** Would enjoy your dinner and are prevented by Dyspepsia, use Ack-er's Dyspepsia Tablets. They are a positive cure for Dyspepsia, Indigestion, Flatulency and Constipation. We guarantee them. 25 and 50 cents.

W. PINNIGER, Druggist.

## Greatly Excited.

Not a few citizens of Reno have recently been excited over the astounding fact that several of their friends who had been pronounced by their physicians as incurable and beyond all hope—suffering with that dreaded monster Consumption—have been completely cured by the use of Dr. S. J. Hodgkinson & Co.'s Catarrh Cure. The only remedy that does positively cure all throat and lung troubles. Trial bottle free at S. J. Hodgkinson & Co.'s drug store, large bottles \$1.

## Unnecessary Suffering.

Probably as much misery comes from habitual constipation as from any derangement of the functions of the body, and it is difficult to cure, for the reason that no one likes to take the medicines usually prescribed. Remedy for this prepared to obviate this difficulty, and they will be found pleasant to the taste of women and children. 25 cents. Trial bottle free at S. J. Mack & Co., Proprietors, San Francisco.

**CATARRH CURED.** Health and sweet breath secured by Shiloh's Catarrh Remedy. Price 50 cents. Trial bottle free. For sale by Osburn & Shoemaker.

**THE REV. GEO. H. THAYER,** of Bourbon, Ind., writes: "I have used and give my own lives to SHILOH'S CONSUMPTION CURE." Sold by Osburn & Shoemaker.

**SHILOH'S VITALIZER** is what you need for Consumption, Loss of Appetite, Debility and all symptoms of Dyspepsia. Price is 75 cents per bottle. Sold by Osburn & Shoemaker.

## GLORIOUS SKY.

Some Sensible Person Reads a Lecture on the Last Moments.

It is a noteworthy illustration of what can scarcely be regarded otherwise than a neglect on the part of our artists, that scarcely an attempt appears on the walls of the last two years' exhibitions at the Royal Academy to record the strangely magnificent sunsets and sunsets which formed the theme of so much admiration and speculation during the autumn of 1885, recalling Cowper's lines:

"A fire from beneath, and meteors from above, Portents, unexampled, unexplained, Have kindled beams in the skies."

Yet the effects were as splendid as they were novel. One observer tells how, in London, on a certain morning, "the somber haze of the east gradually brightened as the sun arose, until the whole firmament was ablaze with rosy light, which by 6:30 had changed into a broad belt of orange and scarlet, surmounted by a glorious mass of opalescence, 'dome' which seemed as if spanned with an ethereal bridge of ruby and gold. Indeed, such a blaze overspread the city that the cry of fire was raised; and the bridges were lined by spectators who halted for a moment to feast their eyes on the outline of the Tower standing out against a background of luminous red, and the lofty dome of St. Paul's seen with a clearness which must have reminded some of the on-lookers of the front view of that still more famous 'dome' which the thought of Michael Angelo's hung in the golden air of Rome," a scene surely worthy of the artist's pencil but now, it is to be feared, passed forever away.

Many attempts, it will be remembered, were made to explain these remarkably beautiful phenomena, amongst which the following seems to be amongst the most satisfactory: "The magnificence of the recent displays was doubtless due to the thin, invisible mist in the air, or perhaps a stratum of fine particles, admitting of the rays of light departing, and re-appearing being reflected from it, or to the circumstances of the larger-sized aqueous constituents of the clouds enabling the undulations of light to reflect all their color constituents—the coarser oscillations of the red and yellow, as well as the exceedingly delicate vibrations of the blue. As the sun sinks towards the horizon, and the thickness of atmosphere through which the rays of light have to pass becomes greater, more air particles necessarily lie in their path, and, as Dr. Mann has shown, more and more of the less refrangible rays are arrested with the augmenting length of the track—first the blue, then the green, afterwards the yellow, and finally the orange and red. Consequently, as that eminent meteorologist points out, although the light reflected from the sky at noon comprises only the weak azure vibrations, that which is reflected from the vapors and clouds after sunset consists chiefly of the crimson rays which have made their way up through the long air track, and which are thence thrown back to the eye. This is the rationale of all sunsets."

## Scientific Miscellany.

A ruined city, hitherto entirely unknown, has been discovered in the province of Adana, Asia Minor.

Prof. Bakhuyzen, of the Leiden observatory, finds reason for believing that a part of the planetary surface of Mars is liquid.

A German geographer and statistician, Dr. A. Fischer, estimates that an annual slaughter of 40,000 elephants is necessary to supply the ivory exported from Africa.

The first archeopteryx, the fossil remains of the oldest known bird, which seems to form the "connecting link" between birds and reptiles, was discovered in the lithographic slate of Solenhofen in 1861. Another specimen, recently found in the same locality, has been sold for \$5,000 to the Berlin Museum.

A remarkable variation has been observed in the stature of the inhabitants of France. If a line be drawn diagonally across the country from Manche to Lyons the people to the northeast of the diagonal have an average height of 5 feet 6.8 inches, while those on the southwest side average only 5 feet 4.6 inches.

**PROLIFIC WEEDS.** A botanist has attempted to estimate the number of seeds found upon some of the most obnoxious weeds of this country. For sheep's-purse he makes the number 50,000 per plant; dandelion, 12,108; wild pepper grass, 18,400; wheat thistle, 7,000; common thistle, 65,367; camomile, 15,920; butter weed, 8,587; rag weed, 4,366; common purslane, 388,800; common plantain, 42,200; burdock, 38,068.

**QUALITIES OF WOODS.** Prof. Sargent finds that the strongest wood in the United States is the nutmeg hickory of the Arkansas region, and that the weakest is the West Indian birch. The most elastic is the tamarack, the white or shellbark hickory being far below it. The least elastic and the lowest in specific gravity is the wood of the Ficus aurea. The highest specific gravity—upon which in general depends value as fuel—is attained by the bluewood of Texas.

**HOW COASTS HAVE FORMED.**—In a paper on the history of the development of coasts, a German geologist, Dr. Fischer, reaches the conclusion that where coasts have been formed by the erosive action of waves and streams, terraces and flat surfaces are the prevailing characteristics, with semicircular bays of small radius on terraced coasts and large radius on flat coasts. Where other features exist, they are mainly attributed to subterranean movements and comparatively recent changes in the level of the land, some modifying effects having of course been wrought by the sea.

A lady, desiring her daughter to be a visitor for tangled hair, requested her to observe how smooth her own was. "Yes, ma," replied the child, "but then you don't sleep in your hair!"

## A Chinese Complexion.

When observed in one of the Caucasian race, is indicative of bile in the blood. Who would be yellow when he or she can exhibit the hue of health on cheek and brow through the aid of Hostetter's Stomach Bitters, an antacid at whose onset liver complaint takes flight? For upon the tongue, nausea, sick headache, blade, an unpleasantly odorous breath are remediable with the benign alterative, which does not, like a potent cathartic, wrench the intestines or, like the mercurial preparations, contaminate the blood. Not only the liver, but the stomach and bowels are aroused, toned and regulated by this fine family medicine, which has won the confidence of the respectable classes, not by startling assertions on its behalf, but by the consistency of the claims made for it with its performance in every instance when tested.

## In Brief, and to the Point.

Dyspepsia is dreadful. Disordered liver is misery. Indigestion is a foe to good nature.

The human digestive apparatus is one of the most complicated and wonderful things in existence. It is easily put out of order.

Greasy food, tough food, sloppy food, bad cookery, mental worry, late hours, irregular habits, and many other things which ought not to be, have made American people a nation of dyspeptics.

But Green's August Flower has done a wonderful work in reforming this sad business and making the American people so healthy that they can enjoy their meals and be happy.

Remember: No happiness without health. But Green's August Flower brings health and happiness to the dyspeptic. Ask your druggist for a bottle. Seventy-five cents.

**Deserving of Confidence.** There is no article which so richly deserves the entire confidence of the community as BROWN'S BRONCHIAL TROCHES. Those suffering from Croup, Whooping Coughs, Croup and Colds should try them. Price 25 cents.

## THE THERMALITO COLONY COMPANY.

940 LOTS FROM 50x150 TO TEN ACRES ARE FOR SALE IN THE HOME OF THE VINE, OLIVE, ORANGE, LEMON, FIG, in fact all kinds of fruits.

Weekly, one square for one month \$1.00  
The above rates include both legal and commercial work.

TUESDAY—AUGUST 30, 1897

A SAN FRANCISCO dispatch to the GAZETTE yesterday afternoon stated that Justice Field, of the United States Supreme Court, had rendered the opinion on the application of the Pacific Railroad Commission to compel Senator Stanford and other officers of the Central Pacific to answer certain questions in regard to the expenditure of funds for the purpose of influencing legislation, that that part of the Act of Congress creating the Commission which invites the co-operation of the Court in assisting the Commission to carry on the investigation is unconstitutional. The Court, therefore, declined to make an order compelling the officers to answer questions. Just what the result of the decision will be is hard at this writing to prognosticate. The matters about which the main difficulty exists were regarding some questions propounded to Mr. Stanford, President of the Central Pacific Company, as to whether the amount of a certain voucher in his name was used for the purpose of influencing legislation, and as to whether money had been paid to certain persons for such purpose, which he declined to answer. The matter having been taken before the United States Court by the Commissioners, Mr. Stanford's answer, besides setting up that an Act of Congress authorizing the examination of the private affairs of its debtors by a commission is unconstitutional, states that he had already denied having been engaged in any legislative corruption, and stigmatizes the questions propounded as implying an arraignment of private character. The Commission, through the District Attorney, asserted that the matters connected with the objectionable questions pertain to the affairs of the company, and that the Commission was acting clearly within the limits of its authority.

AUTHORITIES say that one cigarette is more injurious than half a dozen cigars, and that tobacco used in a pipe is least injurious. Tobacco used in any form is probably harmful, even to adults, although this is a question about which the doctors themselves disagree. If any one doubts that cigarette smoking is a growing evil, let him go about the streets of Reno or any town and he will see small boys, some of whom are hardly old enough to be out alone, puffing away at a cigarette or cigar with as much gusto as a veteran smoker of mature years. This vice is undermining the strength and health of thousands of boys of tender years in the country, and it is surely time to cry halt. It is only a short time since that a promising young man in New York died of excessive use of cigarettes, and such cases are by no means very uncommon. Quite often the papers record instances of young men being refused admittance to military and naval schools because they have the "tobacco heart," brought on by smoking.

When real estate booms in California and ridiculously high prices are paid for lots distant probably five miles from any town or city by men who have no visible means of making a livelihood after getting a home established there, the San Francisco press exults in "A Vision Realized." "The Dawning of a Day of Both Promise and Fruition," etc. When a deal in mining stocks occurs, even though it is based on rich developments, and is followed by renewed activity in a hundred mining camps in the mountains, many of the same journals raise their voices, as if in holy horror, and caution the dear people against investing their hard-earned savings in such securities.

The property owners of Reno should take a decided step, and at once, for the organization of a fire department such as the town should have. Practically speaking, we are at present without any, and were a fire to occur to-night it is doubtful if a half dozen men could at once be mustered to do departmental service. Because the hose company was denied a suitable room to meet in it recently disbanded. As the matter now stands the town owns two steam engines, a hand engine and about 3,000 feet of hose. With the exception of an employed engineer these equipments with which to battle flames are deserted. The GAZETTE learns that a full complement of active young men offer to constitute a hose company, pro-

vided their necessary wants are looked after. These and other wants will incur a moderate expense that must be acted upon by the Board of County Commissioners, which body should be petitioned, and at once, by property owners to have the matter attended to and the town furnished with a good department. The Commissioners could, if they desired, act upon the matter without being petitioned to do so, but it is entirely proper for those interested to say what is needed. Besides, the Board generally wants such expenditures sanctioned by tax-paying citizens, and a petition would, in all probability, accomplish the desired end.

## TELEGRAPHIC BRIEVITIES.

—Bar silver, 97.  
—The assignment of Robert Hare Powell's Sons & Company, extensive coal and iron operators, has just been announced in Philadelphia.

—Healy addressed a League meeting at Cork yesterday. He said the people would wipe their boots with the Government proclamations.

—Governor Ross, of Texas, has issued extradition papers for the late Senator Stanford, of California, who is now under arrest at San Francisco.

—Over 20 dwelling houses, besides the large mill known as the Boyd Manufacturing Company, were burned yesterday in Leavenworth, O. The town is almost destroyed. Loss, \$100,000; insurance light.

Judge Reeves, of Chicago, yesterday admitted to bail, in the sum of \$1,000, Timothy Coughlin, the section foreman who was held responsible for the wreck at Chatsworth, by which nearly 100 lives were lost.

—Notwithstanding the large pension payments, amounting to \$16,500,000, the receipts for the month to date are more than \$7,500,000 in excess of the total expenditures during the same period. The receipts have averaged over \$1,000,000 per day.

—The committee appointed to investigate the Cleveland case to visit the Pacific Coast have decided to telegraph the invitation. Mayor E. P. Pond, of San Francisco, Senators Stanford and Hearst, and ex-Senators Fair, Hager and Williams, are among the signers.

**Chambers' Encyclopedia.**  
Mr. E. J. Harley and son have arrived in Reno. They are taking orders for "Chambers' Encyclopedia," a work of reference and exhaustive information upon every subject under the sun, corrected and revised up to date. The work is in eight volumes, containing over 6,000 pages, illustrated, and 40 maps, together with an exhaustive American supplement. Prices: Morocco binding, \$25; sheep, \$20. So desirous is the publisher that this peerless production shall be placed within the reach of even the most humble home that they will deliver it complete (the 8 volumes), on a payment of \$5, and the balance of payments to be collected at the rate of 50 cents a week. The gentlemen are stopping at the Golden Eagle.

## "Harbor Lights."

The much talked of success, "Harbor Lights," the popular melodrama, will be presented at the Opera House on Monday, evening next, September 5th, with all the beautiful scenic effects as produced at the Alhambra Theater, and which had the largest and most successful run of any play yet produced at that popular theater. The company, which numbers seventeen people, is an exceptionally strong one, including Chas. Edwards, Fred Cooper, Misses Clara Beaumont, George Winthrop and others well known to the dramatic stage. Seats are now on sale at the Postoffice.

## A Warning.

The high reputation and extensive sales of Alcock's Porous Plasters has not only encouraged imitations but dangerous compounds to be offered for sale. Let the public bear in mind that Alcock's are the only genuine and reliable porous plasters, and that while they contain the indispensable necessary ingredients for a perfect plaster are purely vegetable and free from deleterious drugs.

**Fryer's Abietene Cough Balm.**  
A positive cure for lung, chest and throat troubles. (Without opium.) Price 75 cents. Sold by W. Pinniger, Reno, Nevada. All genuine Abietene preparations bear the fac-simile signature of D. F. Fryer.

**Wonderful Cures.**  
W. D. Hoyt & Co., wholesale and retail druggists of Reno, Ga., say: "We have been selling Dr. King's New Discovery, Electric Balm, and Arnica Balm for two years. Have never handled remedies that sell so well or give such universal satisfaction. There have been some wonderful cures effected by these remedies, and in a large number of cases of pronounced consumption have been entirely cured by use of a few bottles of Dr. King's New Discovery, taken in connection with Electric Balm. We guarantee them always. Sold by S. J. Hodgkinson & Co."

**Make no Mistake.**  
By displacing the symptoms so often mistaken for Consumption, SANTA ABIE has brought gladness to many a household. By its prompt use for breaking up the cold that too often develops into that fatal disease, thousands can be saved from an untimely grave. You make no mistake by keeping a bottle of this pleasant remedy in your house. CALIFORNIA-CAT-N-CURE is equally effective in remedying all cases of Croup, Croup, Whooping Cough, and all other respiratory troubles. Both of these wonderful California remedies are sold and warranted by Osburn & Shoemaker, wholesale and retail agents, \$1.00 a package, 3 for \$2.50.

**Bucklen's Arnica Balm.**  
The best salve in the world for cuts, bruises, sores, ulcers, salt rheum, fever sores, tetter, chapped hands, chilblains, and all it is in a single application. It is guaranteed to give perfect satisfaction, or money refunded. Price 25 cents per box. For sale by S. J. Hodgkinson & Co.

**Shiloh's Cough and Consumption Cure** is sold by all druggists. It cures Consumption. Sold by Osburn & Shoemaker.

**THAT HACKING COUGH** can be so quickly cured by Shiloh's Cure. We guarantee it. For sale by Osburn & Shoemaker.

**SLEEPLESS NIGHTS** made miserable by that terrible cough, Shiloh's Cure is the remedy for you. For sale by Osburn & Shoemaker.

## Sherman on the Fisheries.

CINCINNATI, O., August 30.

The Commercial Gazette prints a communication from Senator Sherman in which he makes a denial of the views alleged to have been expressed by him on the fishery question to Senator Ogilvie, of the Dominion Government, and extensively reprinted throughout the United States. He says: "I had a conversation with Senator Ogilvie in the presence of a number of gentlemen, in which I took exactly the opposite position—that while the Canadian Government had a legal right to exclude American fishermen from within a three-mile limit of their shore, it was an act of bad policy to do so, and that their denial to American fishermen of commercial rights to seek shelter and buy bait and supplies in Canadian ports was inconsistent with a civilized and generous policy of modern commercial nations, and that I hoped it would be promptly abandoned, as the best preparation for intimate commercial relations between the United States and the Dominion Government. These views, in substance, were published in the papers at Winnipeg, and I feel quite sure that Senator Ogilvie never authorized the publication of the statement I have quoted."

## The Ute War.

DEVER, August 30.

The following was received to-day from Glenwood Springs, Colorado: Phil Foot has just come in. He left Meeker at 7:30 this morning, and brings no dispatches, as a courier left half an hour before him. A messenger from Rangely reached Meeker just before Foot left, who reports that the Indians were moving east toward Rangely, where the troops are concentrating. He thinks fighting has been started. Major Leslie and a party yesterday. The Indians reported 15 killed and 6 will die. They said: "Damn cowboys fool Utes—put on soldier clothes." They asked the return of their horses. Major Leslie stated that the horses would be given up if Colorado and the two Indian bands were surrendered. This they positively refused to do, and the powder broke up. The courier with dispatches comes on the road, with a change of horse. A foot came through on the trail. The courier ought to be in shortly. Foot reports that about 100 Indians in the fight, but during the night and following morning they received reinforcements and the country was alive with them.

## Searching for Supposed Dead Men.

NEW BEDFORD, Mass., August 30.

Chas. D. Kennedy, Third Lieutenant of the steamer Bear, now cruising in the Arctic Ocean, writes to his father under date of Port Clarence, July 10th, and gives faint hopes that some of the crew of 22 men belonging to the whaling bark Napoleon, of this port, lost in the Arctic in 1896, may yet be alive. The letter says information is received through an Indian who came aboard the whaling bark Hunter in June last that leads to the belief that J. B. Vincent, one of the crew of the Napoleon, is somewhere in the vicinity of Cape Navar, in Siberia. Lieutenant Kennedy says they will make an effort to rescue the unfortunate, and on their return will go up into the Arctic as far as possible.

## A Stormy Passage.

NEW YORK, August 29.

Rev. Dr. Joseph Parker, of the City Temple, London, and a friend of the late H. W. Beecher, arrived this morning on the steamer Umbria. He will deliver a series of lectures this fall, but says the primary object of his visit is to deliver a eulogy on Mr. Beecher at the Academy of Music in October. He reports that the ship encountered two heavy gales on the voyage. The Captain of the Umbria says it was the worst trip he has had in a number of years during the summer months. The Duke of Marlborough was on board as a passenger on the Umbria. He comes on a pleasure trip.

## Fish Commissioner.

WASHINGTON, August 30.

The President has appointed Professor G. Brown Goode, Assistant Director of the National Museum, to be Commissioner of Fisheries, vice Professor S. F. Baird, deceased. Judge McCue, Solicitor of the Treasury, who was first tendered the office, declined because of his lack of scientific knowledge. The office was also tendered to Governor Thompson, Acting Secretary of the Treasury, and he too declined it for some reason. Professor Goode is a well-known scientist, and was associated with Professor Baird in many important duties of a scientific character.

## The College of Physicians.

WASHINGTON, August 30.

President Cleveland will be present at the opening of the International Medical Congress on Monday next. On the following evening he will receive members of the Congress and the ladies accompanying them at the White House. About 400 foreign physicians and from 2,500 to 3,000 of this country will be in attendance.

## A Big Load.

NEW YORK, August 29.

The steamer Umbria to-day landed 621 first-class cabin passengers, the largest number ever brought over on a transatlantic steamer.

## Charged With Embezzlement.

CHICAGO, August 30.

A rumor reached this city to-day from Ft. Worth, Texas, that H. Campbell, manager of the Texas State

capital syndicate ranch, had been arrested here, charged with the embezzlement of \$300,000. Inquiry at the office of the syndicate in this city elicited a denial of the arrest of Campbell. It is learned, however, that the syndicate had become dissatisfied with Campbell's management and had deposed him. An investigation into the accounts is in progress, but the officers refuse to make any statement as to the result. Campbell lives at Wichita, Kansas, and is said to have accumulated a good deal of property since he has been in charge of the syndicate's affairs.

## The Louisville Races.

LOUISVILLE, August 30.

The programme for the Fall meeting of the Louisville Jockey Club was issued to-day. The meeting commences September 19 and lasts six days. There will be thirty races, comprising one stake each day. The event of the meeting will be the great American Stallion Stakes for colts and fillies, \$100 entrance, for \$1,000. Seventy-four entries. Among the probable starters are Libretto, Jim Gore, Right-away, Grisette, Tom Hood and Jaubert.

## Naval Promotions.

WASHINGTON, August 30.

By the retirement of Rear Admiral Davis, announced to-day, the following promotions will be made: Commodore Brauer, Rear Admiral; Captain George Brown, Commodore; Commander W. H. White, Captain; Lieutenant Commander G. A. Shetky, Commander; Lieutenant D. F. Dilly, Lieutenant Commander; Lieutenant J. G. Nicholson, Jr., Grade Lieutenant Ensign; G. W. Dindfield, Lieutenant "Jr."

## WESTERN DISPATCHES

Direct from the Orient.

TACOMA, W. T., August 29.  
The American ship A. G. Ropes, 4,200 tons burden, the largest ship that ever sailed into Puget Sound, arrived in Tacoma yesterday morning, 23 days from Yokohama, with 3,877 tons of tea and other merchandise for Chicago, Boston and Philadelphia merchants. The ship Alexander Gibb is due in a few days from the same port. The arrival of the Ropes is the beginning of the direct trade between Yokohama and this port. The cargo goes eastward by 180 cars of the Northern Pacific Railroad. The value of the cargo of the ship Ropes is \$1,500,000.

## The Annexation Scheme.

SHOSHONE, Idaho, August 29.

Senator Hearst, with Governor Stevenson and Delegate Dubois, recently held a conference here regarding the proposed enlargement of the boundaries of Idaho, with reference to the Statehood which Idaho expects soon to demand with other Territories. Senator Stewart's move to annex Nevada to Idaho entirely collapsed at the conference. It was suggested that the Idaho line be extended northward through Montana, so as to take in the counties of Beaverhead and Missoula.

## A Daring Aeronaut.

ROCKAWAY BEACH, August 29.

Thomas S. Baldwin, the San Francisco aeronaut, repeated his feat of jumping from a balloon here this afternoon. When 1,000 feet high he made the leap, but his parachute remained closed for the first 300 feet, and he descended at a fearful rate of speed. Then the parachute opened, when he sailed down easily, dropping into the ocean, from which he was picked up unhurt.

## The President Notified.

SAN FRANCISCO, August 30.

Mayor Pond this morning sent a telegram to President Cleveland notifying him that the municipality and the prominent commercial trade organizations of the city have this day forwarded by mail an invitation to the President and Mrs. Cleveland to visit this city.

## Bartlett Improving.

SAN FRANCISCO, August 30.

Governor Bartlett was resting easily this morning, with no perceptible change in his condition. Everything is considered favorable for an easy day.

## FOREIGN DISPATCHES

The Muddle in Manitoba.

LONDON, August 30.

The Standard, referring to the Manitoba railroad trouble, says: "The more clearly the points of the question are understood the more emphatic will be the opinion here that the Manitobians are trying to receive an unfair advantage from their geographical position. The best prospect for settlement lies in the direction of a compromise, of which a preliminary ought to be the immediate suspension of the Manitoba Railway line. No effort should be spared to conciliate the Manitobians, but they must be made to conform to duties as British subjects and Canadian citizens."

## Irish Orators Coming.

DUBLIN, August 30.

The Freeman's Journal states that Arthur O'Connor, member of Parliament for Donegal, and Sir James Henry Gratian Esmonde, member of Parliament for Dublin county, will visit the United States in September and address a monster meeting to be convened by the Irish National League of America.

## High Treason.

PARIS, August 29.

Two Secretaries of General Ferrer, Minister of War, have been arrested for disclosing to the Figaro a plan for carrying out the mobilization scheme, and thus allowing its publication, contrary to the Government's wishes. The charge against them is high treason.

IF YOU HAVE A GOOD BUSINESS, ADVERTISE AND KEEP IT. IF NOT, ADVERTISE AND GET IT.

All kinds of job work executed at the GAZETTE Office.

Baby Humors

And all Skin and Scalp Diseases

Speedily Cured by CUTICURA.

OUR LITTLE SON WILL BE FOUR

years of age on the 25th inst. In

May, 1886, he was attacked with a very

painful breaking out of the skin. We

called in a physician who treated him for

about four weeks. The child received

little or no good from the treatment, as

the breaking out, supposed by the physician

to be hives in an aggravated form, became

larger in blotches, and more and more

distressing. We were frequently

obliged to get up in the night and rub him

with soda in water, strong liniments, etc.

Finally, we called other physicians, until

he almost died, and the child steadily

growing worse and worse, until about

the 25th of last July, when we began to

give him CUTICURA. RESOLVENT inter-

ally, and the CUTICURA, and CUTICURA

about every second day for about ten

days longer, and he has never been trou-

bled since with the horrible malady. In

all we used less than one-half of a bottle

of CUTICURA RESOLVENT, a little less than

one box of CUTICURA, and only one cake

of CUTICURA SOAP.

H. E. RYAN, Livingston Co., Ill.

subscribed and sworn to before me this

fourth day of January, 1897.

C. N. COE, J. P.

## SCROFULOUS HUMORS.

Last spring I was very sick, being

covered with some kind of scrofula. The

doctors could not help me. I was advised

to try the CUTICURA RESOLVENT. I did

so, and in a day I grew better, and better,

until I am as well as ever. I thank you

for it very much, and would like to have

it told to the public.

EDW. HOFMANN,

No. 14 Alhambra, Mass.

CUTICURA, the skin cure, and CUTICURA

SOAP, prepared from it, externally, and

CUTICURA RESOLVENT, the new blood pur-

ifier, internally, are a positive cure for

every form of skin and blood disease

from pimples to scrofula.

Sold everywhere. Price: CUTICURA,

50 cents; CUTICURA SOAP, 25 cents; CUTI-

CURA RESOLVENT, \$1.00. Prepared by POT-

TER DRUG AND CHEMICAL CO., Boston.

Send for "How to Cure Skin Disease."

PIMPLES, Blackheads, Skin Blen-

ches and Baby Humors, use CUTI-

CURA SOAP.

## JOTTINGS.

Pine face and toilet preparations in large variety, suited to every taste and purse, at Fassett's drug store.

For a meal that will make you feel at peace with your worst enemy, patronize the Palace Restaurant.

By taking your noon lunches at J. J. Becker's you will be surprised to find how much filling you can buy for a bit.

Light and heavy spring wagons at J. T. Longabaugh's, Reno, Nevada, as cheap as you can get them in San Francisco.

All kinds of California fruit fresh from the orchard, at Coffin & Larcom's grocery store, near the Golden Eagle Hotel.

All kinds of both reed and string musical instruments at C. J. Brooks' variety store. Sample his home-made candles.

W. Pluniger, the Reno druggist, has on sale in quantities to suit matured Thistle Dew whisky for medicinal purposes.

For good wood, a full cord guaranteed, go to Haynes & Alger. Leave orders at Rube's, butcher shop and Nelson's cigar store.

By pricing Thomas Barnett's stock of ladies', misses' and children's shoes, you can see how you have been losing money heretofore.

By paying cash for his goods, Fred Kistler is able to sell all kinds of the choicest family groceries as cheap as the largest house in town.

Anything in the line of clothing, from a heavy overcoat to a silk undershirt, can be had at the White House at San Francisco retail prices.

Examine E. C. Leadbetter's patent refrigerator, in which he keeps his fresh ranch butter as hard as though the thermometer were at zero.

No matter how far the overland passengers may have traveled there are but few of them who have not heard of the excellence of the Depot Hotel.

Anything from a thousand-pound beef to a porterhouse steak at J. Frazier's Truckee market. Try his corned beef and sausage, the best you ever saw.

C. A. Thurston's increasing stationery and blank-book trade shows that it pays him to keep the best. Sample his tobacco and cigars, which will be found equal to any in town.

A. Winton, the shoemaker, is rushed with business which he ascribes to the fact that it is well known that he always does work in style and at reasonable prices. John McCarthy, late of Colfax, Cal., is now Winton's assistant in the repairing department, and is known as an expert knitter of the awl.

On and after the 3d day of September, C. W. Borton's store in the public highway will be moved, and all goods remaining on hand at that time will be boxed. Parties desirous of purchasing goods at the following prices, will bear the above in mind: Sixty pair gray blankets, at \$1 25 per pair; 35 pair white blankets, at \$1 50 per pair; 30 pair silver gray blankets, at \$2 25 per pair; large assortment of ladies' and gent's India gauze underwear at from 35 to 75 cents each; all other goods in proportion.

Merchants' sale at auction commencing September 1st at 10:30 A. M. at C. W. Borton's store in public highway, when he will dispose of to the highest bidder 5 boxes Eureka starch, 3 chests English Breakfast tea, 5 chests Japan tea, 5 chests Japan tea (in bulk), 3 chests Japan tea (in mats), 3 chests Japan tea (1-pound papers), 30 boxes laundry soap, 3 boxes Chinese blueing, 5 boxes machine oil, 4 boxes spices, best quality, (assorted).

OLIVIER BR. S. C. W. BORTON, San Francisco, Auctioneer.

Judging by our trade, the majority of candy-eating people know where to buy, but for the benefit of new-comers we will say that we will wage any amount of money that there is no other candy factory or store in Reno that has such an assortment of pure and choice candies as the Nevada Candy Factory. Our candy is not made by steam, and we don't make it every hour, but merely six days in the week. You can also always depend upon what we say, as we consider it a deception and a fraud to advertise what we can't substantiate.

## RAILROAD LANDS.

Are These Surveyed But Not Patented Taxable?

In Washoe county there are about 100,000 acres of surveyed railroad lands, 43,000 acres or more of which are patented. If we are not mistaken, Congress passed in 1886 an Act taxing all surveyed granted railroad lands, whether patented or not, for State, county and municipal purposes. County Assessor Stoddard has taxed about 147,000 acres of these lands that lie within the boundaries of Washoe county, but upon a demand by him of the Central Pacific Company for a list of its surveyed lands he received a list of only the patented lands, the company claiming that the unpatented lands were not taxable. He thereupon wrote to Attorney General Alexander for his understanding of the act bearing on the matter passed by Congress in 1886, and received the following reply:

CARSON CITY, Nev., Aug. 29, 1887. C. H. Stoddard, Assessor Washoe County—Sir: In reply to your request for a construction of sections one, two, three and four of Chapter 764, Statutes of the United States, approved July 10, 1886, I have to say: That the Supreme Court of the United States in Northern Pacific Railroad Company versus Trall County, 115 U. S. Reports, page 600, has discussed the body of that statute. They say, first, that under the granting Acts of 1862, 1864 and 1874, made by Congress in favor of various corporations, the lands given were not assessable for State, county or municipal purposes, because Congress had a right to and did attach to said Acts a condition for the pre-payment of surveying costs before such lands would be assessable had vested or could vest in any of said companies.

The decision by Justice Miller reviews all the cases decided by that court. He also restates the law to be that Congress has full right in a proper case to amend, add to, or repeal any conditions attaching at the time of grant.

The Court says in conclusion: "We are aware of the use being made of this principle by the companies, who having earned the lands neglect to pay these costs in order to prevent taxation. The remedy lies with Congress and is of easy application. If that body will take steps to enforce its lien for these costs of survey by sale of the lands or by forfeiture of title the Treasury of the United States would soon be reimbursed for its expenses in making the surveys and the States and Territories in which the lands lay be remitted to their appropriate rights of taxation. The Court can do no more than declare the law as it exists."

In view of this decision and the fact that it was filed December 7, 1885, I call your attention to the provision of the Act of July, 1886, mentioned, and with the query whether this Act became law in consequence and in the light of Justice Miller's decision, (estate 1885-6, page 148.)

Section one reads: "The exemption from taxation by reason of the lien above named."

This provision does not apply to un-surveyed lands.

Any purchaser of such lands at tax sale will take the same subject to a lien for these costs.

Section two provides for summary collection of such costs upon the part of the Government.

Section three declares the right of forfeiture to still remain in the Government.

Section four provides that such costs become due upon demand by the Secretary of the Interior, and also declares the right of Congress to further alter, amend or repeal this or previous Acts upon the subject.

Bearing in mind, if you please, that this in no wise refers to and does not survey, I believe that the decision and statute quoted are a portion of each other—one made in pursuance of the other, and as such a full answer to the question you ask and in clearer form than I command. Yours respectfully,

JOHN F. ALEXANDER, Attorney General.

The following letter was received by Assessor Stoddard this morning:

OFFICE CENTRAL PACIFIC RAILROAD CO. LAND DEPARTMENT. SAN FRANCISCO, August 29, 1887. C. H. Stoddard, Esq., Assessor, Washoe County, Reno, Nevada—Dear Sir: I have been shown a duplicate recapitulation of the assessment of railroad property in your county. I notice you place upon your assessment roll 147,000 acres of surveyed lands not patented. I wish to notify you that we deny the taxableness of this property.

The company has an equitable interest in the land, but it is an un-taxable equity. Very truly yours, WM. H. MILLS, Land Agent.

A Busy Town. Tom Hymers has a big force at work on his stable. The roof is shingled and the exterior nearly ready for the painters.

The old tin roof is being taken off the GAZETTE building, preparatory to placing in position a new and water-tight one.

The stone foundations of the new theater are nearly completed.

A large force of brick-layers and stone masons are engaged on the Powling building, Virginia street.

Four large corners were moved into the Levy Bros' store, Thompson building, to-day. The finishing touches are being put on, and the store will soon be ready for occupancy.

The addition to the Studebaker wagon warehouse is looming up. It is a much needed addition and rendered necessary by the increasing business.

A Fearless Man in Reno. A passenger arrived here on the overland train yesterday morning minus his pants and vest. Before going to sleep on one of the palace cars, he left the window open and carelessly threw these two essential adornments of man to one side. The conductors, it would seem, hung out over the sill and while the engine stopped at some station on the road, a vigilant tramp, seeing his opportunity, reached up and taking hold of the monogrammed suspenders, fled away to feast on his now found treasure. The vest went with the pants, and the midnight tramp secured a magnificent gold watch and chain, \$70 in coin, a fine pocket-knife and some very valuable papers. The pantsless man would not give his name.

## PERSONAL.

D. A. Bender, of Carson, is in town.

Mrs. W. D. Phillips returned from San Francisco yesterday.

Miss Clara Laws, of Paradise Valley, arrived at Mount St. Mary's Academy last night.

Thos. Reynolds, of Virginia, came down on last night's train. He will return to-night.

James Herman, of San Francisco, came in from Lake Tahoe last night and left for the Bay.

Mac, Leete left this morning for Lewis District, where he will take a position in the Pittsburg mill.

Miss Jennie Torreyson, of Carson, and Miss Dollie McCone, of Virginia City, are visiting Reno friends.

Mrs. Bull, of Los Angeles, arrived yesterday and placed her daughter Ada with Mother Dolores at the Academy.

Hon. L. B. Edwards, Superintendent of Agencies of Fire Insurance Companies for Balfour, Guthrie & Co., passed through Reno last night.

E. J. Banner, who recently sold the Glendale Hotel property, will leave to-morrow morning for Hawthorne, where he may decide to locate.

Colonel Ellis, of Carson, went below last night. He will be absent about a week. He was very reticent about his Congressional aspirations.

Tom Ford, of Virginia City, is in Reno, the guest of C. E. Schell, his son-in-law. Mr. Ford is an old Comstocker and father of Hon. Wm. Ford, Assemblyman from Storey county.

A Surprise Party to Miss Mary Kelly. A very pleasant surprise party was given to Miss Mary Kelly last night by her many friends at her father's ranch near the city.

The whole party drove out in teams and on horseback and came down on the Kelly mansion like the Assyrian on the fold. The surprise was complete, but the festivities which followed eclipsed it ten fold.

Mrs. S. D. Perkins, pianist, Mr. A. Taylor, M. B. Barker, and Mrs. D. Upson, the celebrated manipulator of the harmonicon, furnished the music. Singing, dancing and pleasant conversation followed. At 3 o'clock this morning the air was made resonant by the merry laughter and singing of the happy party as they entered Reno, well pleased with the festivities. The following ladies and gentlemen were present:

Miss Mary E. Hayden, Miss Maggie Hayden, S. D. Upson, Hon. D. Sullivan, J. Sullivan, Miss Josie Gulling, Miss Taylor, Miss Maggie Sullivan, J. Sullivan, Miss Gertrude Peacock, Miss Mamie Noatway, Miss Tessie Young, Miss Treasure V. Robertson, J. Gulling, J. Goodwin, F. Rambo, Miss Dora Graft, Miss Mary Graft, J. Graft, Miss Irene Young, Miss May Savage, W. Dixon, E. J. Murphy, J. H. Upson, Mrs. S. Perkins, A. Taylor, M. B. E. Carpenter, E. Coffin, Miss Annie Cook, G. Johnson, S. Taylor, W. Cooksey, T. Kelly and brother, Miss Amy Beth, F. A. Kellon, Miss M. McKernan, W. Hammonny and brother.

An Excellent school for girls. That Bishop Whitaker's School for Girls is growing in popular favor is evidenced by the increased number of pupils in attendance this term. Already about 70 have entered upon their studies and several are expected to arrive during the coming week. Following is the corps of teachers: Principal, Miss Amy Pease; head of the household, Miss Mary R. Chatter; head of the Department of Music, Miss Eva Qualif; and the Misses Emma G. Wall, Louise Siss, Helen R. Guthrie, Carrie Melly and Alice E. MacElroy. Miss Melly takes Mrs. Porter's place as assistant to Miss Qualif. Miss MacElroy takes Miss Sione's place as teacher in drawing and painting, and Miss Guthrie takes Miss Dickinson's place. Rev. Wm. Lucas is chaplain and gives instructions in Evidence of Christianity.

5,000 Sheep Sold. S. C. Hall, the well-known sheepman, arrived Saturday last from Paradise Valley, where he disposed of 5,000 sheep. He received \$2 50 per head for his sheep and \$2 per head for his lambs. They were sold to parties in the valley. Mr. Hall thinks that there will be a large number of sheep in the vicinity of Reno this fall. He says that Mr. Hubbard will bring 3,000 sheep to Ray's ranch in Spanish Spring Valley alone, while there is no doubt in his mind that every ranch in all the valleys will be stocked with sheep.

Luscious Grapes. We are in receipt of a box of fine grapes from A. F. Jones, of the Thermalito Colony, California. There are three different varieties—Muscat, Tokay and Isabella—and they are perhaps the most delicious that have been received in Reno this year. That Thermalito is the home of the grape, as well as the orange, the lemon and the fig, there can be no doubt.

Future Possibilities. W. Dewey, the well-known mining speculator, who has just returned from Eureka, Salt Lake and Tucson, passed on to Frisco last night. He expressed much surprise at the tardiness of Reno capitalists in not investing money in real estate on the homestead plan. We would not be surprised to see him here as the advance agent of a California syndicate for such a purpose himself.

Round-Trip Rates. For the benefit of its readers the GAZETTE appends the round-trip rates to Reno during Fair week: Wells, \$24 75; Halleck, \$22 55; Elko, \$20 95; Carlin, \$19 40; Palisade, \$18 80; Battle Mountain, \$15 35; Winnemucca, \$11 40; Rye Patch, \$7 95; Lovelock, \$6 50; Wadsworth, \$2 30.

## CHINESE EN ROUTE.

Royalty—Democracy—Pekin—Washington.

Minister Cheng, Imperial Envoy to the United States, with two Secretaries, passed through Reno this morning. Their gorgeous attire attracted the attention of the early risers so much the Chinese sought their sleepers long before it was time to leave. They are to complete negotiations under diplomatic regulations for direct electrical communication with the seat of Government at Washington and to otherwise regulate questions of great importance to both Governments.

The envoy is the bearer of dispatches to the Chinese Resident Minister that bear upon the restriction (Act) policy of our Government, the details of which he would not impart to the reporter.

He was accompanied by the world-renowned electrician and telephone expert, the Count Mikiewicz, of Russia, who, it is said, has disposed of his wonderful telephonic invention to the Chinese Government for \$10,000,000. The Count has received \$3,000,000 for his secret to a United States syndicate two years ago.

The demonstrations he gave of it in Washington at that time were considered the most marvelous of any ever witnessed in the scientific world.

A whisper in Washington was just as audible in New York as a loud shout through the ordinary instrument. The leading governmental officials and the most learned men were dumfounded at the exhibition, while the writer witnessed it.

The Chinese Government, after all arrangements are perfected, will spread the wires all over the Empire and revolutionize the entire system of government, as the wisest men say, said the Count, that it will be the forerunner of the American railroad system. The Count proposes to reside permanently in Washington, as he has already declared his intentions to become an American citizen. He has an associate in this vast enterprise Captain John Brady (a brother of Brady of Clear-stone of Kentucky), one of the ablest and best-known journalists in America.

Lessler, Franktown; C. G. Cummings and wife, Mason Valley; George C. Adams, St. Louis, Mo.; Frank Little, Chicago; Noel Lussier, Bodie; George Wertor, Verdi; L. Roohor, Los Angeles.

## Cattle Shipments.

A. G. Bawley, of Elko, came in last night with 18 head of fine horses, that he accompanied to San Francisco. He says they were nearly all sold before he left the valley and that some of them brought high prices. He also stated that a large number of horses had been shipped to the coast by the Hardesty's shipment of ten cars of cattle, numbering 180 head, was attached to the same train and that they bring 6 cents per pound at the Bay. He does not speak encouragingly of the outlook for good winter provender in that section.

## Syrup of Figs.

Manufactured only by the California Fig Syrup Co., San Francisco, Cal., is nature's own true laxative. This pleasant California liquid fruit remedy may be had of Wm. Pluniger, Reno, Nevada.
